# **BRITISH WARNING**

# on Crop Problem.

England's most eminent economis's, possibilities as a human food. and two Illinois farm relief experts, on the subject of the American agricultural export surplus problem.

tended over a year. It is the conthis should be so, all cost of productribution of Mr. Dawes, as banker, busing the first business and the first business and the first business are the first ness man, and citizen, to the settle-ment of the great farm problem which faces congress this winter. It is an effort to apply to this problem the same common sense method of procedure which led to the settlement of the economic difficulties of Europe.

Sir Josiah Stamp has been called by Lloyd George "the world's greatest farmer without a corresponding practical economist." He was a mem ber of the committee of experts of the reparations commission. The American agricultural case is presented by George N. Peek of Moline, president of the American Council of Agriculture and Chester C. Davis, grain marketing director of the Illinois Agricultural as-

Debate on Crop Surplus Plan. The discussion was focused upon an plus crops similar in principle to the bill introduced on Monday by Repre-sentative Dickinson [Rep., Ia.], leader of the farm bloc in the house.

The debaters, however, had no and the discussion, which has been carried on by mail, has steered clear of all partisan politics and has been concerned with economic principles, the effects of certain proposed ac-tions, rather than with any particular

Some political zest is necessarily injected into the situation, however, by the fact that the President, in his Chisolution of the surplus problem, and pressed disappointment of the farmers agriculture has called a conference to the President, is strictly avoided in

reaction of Sir Josiah to the case presented to him by Mr. Peek and Mr. Dayls. Cold-bloodedly, far over the sea, remote from American politics his opinion may be said at least to be unprejudiced as between the American farmer and the American business

Fears Effects of Scheme.

Briefly, his opinion is that the ex port corporation plan is possible, that it would push up the domestic price of wheat, for example, for the farmer but that the cost of living would be enhanced, leading, perhaps, to demands for increased wages. The ultimate test, he says, is whether the return on the capital and labor of the farmer is fair and reasonable in comparison with that secured by capital and labor in other economic spheres.

As there is practically no dispute on the latter point, the whole question

tion of whether the people as a whole are willing, out of their own pockets, to pay the farmer more.

Sir Josiah points out the vicious circle argument in the following man-

ost of Hving may be considerably en-anced and may lead to a wide circle

and the Coast Range, a territory known Sinclair, and Mr. Doheny, the bill is passed it will undermine the prosperity of sixty millions in our great central valleys who

ring to the spokesmen of the sixty mil- would find it honestly. The heart of the country, it appears, is so sented on the committee that the senators did not change their plan until the pressure Now they have graciously granted three days- ing him to vote.

The railroad rates to the coast cities are bly higher than the water rates, but they dve us a chance. If the Gooding bill becomes law,

terior, which could not take advantage of the of his men to obtain convictions. road transportation to the coast. The middle west has found it increasingly difficult to compete with eastern manufacturers for business in the west. The Gooding bill would change all that. If it becomes law, the Panama canal will not be a handicap to the interior in the race for markets but an insurmountable barrier.

If the senators who have been sent to Washington to speak for the sixty millions were half as interested in the basic needs of their constituents as they are in their postmasterships we might feel more secure in the present emergency. As things stand, we look forward to the future with

Congress created the interstate commerce com on to handle problems of a technical nature which congressmen obviously were incompetent to deal with. This is one such problem. The questions involved are not political. Congress had tter leave the decision of the long and short haul ntroversy to the commission which understands it and which already has it under consideration.

#### WITCH HUNTING WON'T HELP THE FARMERS.

Dean Frederick Mumford of the college of agriculture of the University of Missouri has pointed to the need of a national agricultural policy. He finds that many of the proposals made in congress for relieving agricultural depression are purely ectional in character. They might prove of service, say, to the citrus fruit growers of Callfornia, but they would be of no use at all to the corn growers of the central west.

Dean Mumford is correct in that criticism as he a also in his contention that the government is itimately concerned with the problem of placing ulture on a sound basis. The government or all other industries, he shows; and it would be

activity intended to benefit the farmers will pro- unwisdom has apparently had the effect of altering that Russia will withdraw fro duce the desired results. Legislators have frequently sought to benefit the farmers by hamquently sought to benefit the farmers by ham-rious other important interests. Perhaps congress stringing the agencies used in marketing farm should make provision for a fundamental study of produce. These efforts have seldom achieved the our water resources, by a commission of able and desired end. They constitute a kind of witch broad minded engineers, meteorologists, and business hunting, based on the theory that somebody, rather than some circumstance, is robbing the farmer of a decent livelihood. For a long time the demagous said it was the railroads which robbed the farmer; latterly it has been the packers and the farmer; latterly it has been the packers and the grain exchanges. Farmers' representatives wasted time figuring out ways of hampering these agencies in the conduct of their business, apparently unaware that the regulations they were imposing could result in only one thing: higher costs all around, at the farmers' expense. If only a small product of the farmers' expense. If only a small around, at the farmers' expense. If only a small of the farmers' expense in the province of Volhynia and the very bottom of all the problems involved and give the nation a report of decent livelihood. For a long time the demagnetic of all the problems involved and give the nation a report of the curtain to go up. She appeared before the curtain and made a speech in which she told the audience that she had been persecuted by Klaw a stend before the curtain and made a speech in which she told the audience that she had been persecuted by Klaw a stend before the curtain and made a speech in which she told the audience that she had been persecuted by Klaw a strick's have been repulsed.

#### THE STATE'S ATTORNEY AND THE BOMBERS.

State's Attorney Crowe has assembled a special staff of his assistants to prosecute the bombing The Panama canal has been a boon to the cities cases. He hopes to start the first of the trials by Chicago, Dec. 30.—[To the Legal Friend of the People.]—I purchased a piece of land in northern Wisconsin. The deed

those who rely upon the law to protect the weak was made in the description, which was in their rights, for the victims of Chicago's bombers are the poor. The bomb is the weapon most perfectly adapted to coercing the man of small ed until five years later. means into doing something he doesn't want to do. Contrary to popular notions, it is only the exceptional bomb which does extensive damage. Generally the loss amounts to only a few hundred dollars, most of it represented by broken glass and a smashed porch. The number of persons injured and killed by the bombers in recent years is almost negligible. The whole idea is to convince the neighborhood grocer or bootblack or hardware dealer that he will lose less by kicking in to an arsociation than he will by holding out; or to convince a Negro home owner to sell out and move away before all his savings have been spent or

Mr. Crowe will make few friends politically and many enemies by these prosecutions. The men who do the bombing and the men who hire them have powerful political alliances. The men who have been bombed are unorganized and without influence. It is to Mr. Crowe's credit that he is going ahead with the cases now. If he conducted his office in keeping with the political standards of the state, he would not have tried them before the primaries, if ever.

#### Editorial of the Day

IMPORTANCE OF THE WATER PROBLEM. [Columbus, O., Dispatch.]

At a recent meeting of the Minnesota section of the Society of American Foresters, the preservation of lake levels seems to have been the most prominent topic of discussion. To toss aside the fact of lake decline with the mere statement that it is only the effect of some years of deficient rainfall is folly. The ertakes to provide the foundations of prosperity proof that we are liable to long periods of deficient rainfall is evidence that water conservation, in the in unjustifiable discrimination to omit agriculture nation's lakes and streams, calls imperatively for profound consideration and action. There is doubt-It does not follow that all kinds of governmental less an abundance of water in existence, but man's serious harm to agriculture, transportation, and va-

sit alone in the moonlight's silver mist. My heart as sad as some lost young Pierrette's, And live again that blissful night we kissed. But, darn it all, you swiped my cigarets!

I sit alone when day breaks still and cold;
I've left behind the whirl of worldly din, But I'll remember till my dreams grow old How you drank up my fourteen dollar gin!

To love and lose was my unkindly fate, But, worst of all, you big, ungrateful bum, You stripped the gears on my new Packard Eight! A WOMAN ABOUT TOWN.

WE'RE GETTING more levely calendars. The back alley must be half full of 'em by this time. If anybody is getting out a 1926 calendar that at me when I smoke a pipe! looks well on landscape wallpaper, and over a tavern table that the Hessians pounded their glasses on when they were romping around New Jersey, and under the flickering rays of a Paul Revere lantern-then send it along. It might have a chance

R. H. L.: Me and the B&C were in the Sherman

House Pharmacy having a coke. When she spled a box of apples displayed on the counter labeled The 10c each, she said, "Looks like the house physician must be in bad with the cowboy." EDDIE ASH.

Knocking the Doc.

The Galoshes Dick: I see by the Chi. Trib. that women's clothes are supposed to weigh about 3.7% pounds. What I wanta know, Dick, what I wanta know, is where inell they got those three pounds?

ONE O' THE HALLROOM BOYS.

All Right, Argon, Try It. Cruel Richard: Why wouldst crown the onliest Argon with a Paul Ash halo? Methinks thou art a hindrance and not an abetter. The titian baired maidens would recoil from osculation with so much hair. Likewise would the brunettes. Argon, my dear, just try a cut in the manner of the and monks, where all is unison and there is no parting.

IRVING BERLIN has brought the Postal Telegraph company a great deal of publicity. Now watch the Western Union pull something to beat the elopement story.

Thank You, H. L. Dear Mr. Little: Thanks very much for the charming, cultivated relatives at that Linebook. It is full of excellent stuff and I have time. I had letters from her up to been reading it with the utmost interest. Sincerely

H. L. MENCKEN.

SKETCHES FROM LIFE.

IV. Squawking of horas, screeching of brakes, piercing mine, Margarita Skina, whose father, notes of a taxi whistle, vibrant drone of motor bus too, was a Roumanian general and who exhausts; limousines with liveried chauffeurs, sedans married a Col. Filitti shortly before of every description, open sport cars driven by rac-coon coated collegians, motor busses loading and dis-charging passengers, taxis darting in and out: gascharging passengers, taxis darting in and out; gas-though, of course, not noble. Some oline fumes saturating the heavy atmosphere. Misses in raccoon coats, collars down and open, with army can unquestionably be traced to scarves flying in the breeze; matrons in seals and this matter of the annullment. There muskrats fastened closely up to the first chin: snap- was no morganatic marriage nor anypily dressed salesmen and portly business men—all dodging, hurrying, jostling . . . throngs of window shoppers, pedestrians skillfully dodging vehicular traffic, traffic police marooned on safety islands. Hatless youths with collars up and coats open, oxford bags flopping wildly, swaggering along. Little whill the property of the property of the prince if she would agree that the first marriage was an illegal one, which, naturally, she and her family indignantly refused to consider. The marriage was sales to consider the prince of the prince Hatless youths with collars up and coats open, oxiond bags flopping wildly, swaggering along. Little whirl-pools of dust rising from the sidewalk, tobacco ashes in the wind, scraps of paper rising to dizzy heights, then swooping unexpectedly upon the rushing crowd . . . the stage is set—the act must go on! Et Chicito.

Her family indignantly refused to consider. The marriage was solemnized by a priest of the established church, who ashes in the wind, scraps of paper rising to dizzy wrong with the ceremony, so that Queen Marle (who usually gets her way somewhow) was finally forced to fall back the subterfuge that Carol was in-

INTIMATE VIEW OF MLLE.

LAMBRING. Chicago, Dec. 31.—I would like to correct a few of the many erroneous state-ments constantly made concerning the marriage of Jeanne Lambrino to Crown Prince Carol of Roumania. The name is Jeanne, not Zyziz, but her friends and relatives sometimes used the pet name of Zizi. She is not " the daughter of a Moldavian professor, poor but of good birth."
When I knew them her father was Col. Lambrino, but at the time of Jeanne's elopement he was a general and in charge of the Royal Guards at Odessa. They were wealthy people, although their country place had been pretty badly smashed by the Germans when their

army invaded Roumania.

I believe the frequent statement that the Lambrinos were "poor but proud, etc.," can be traced to a ridiculous article which appeared some years ago in which Jeanne was called a peasant maid and the "poor girl betrayed by rank" theme was badly overworked. Jeanne was at school with me in Antwerp and I met her father and several other of her the time of her marriage, one in which she spoke of having been riding that morning with Prince Carol and dancing with him so frequently that the queen was furious. Since her marriage I have

It is true that Carol, fat, homely creanounce succession in order to stick by Jeanne. Their son was born before the marriage was annulled. Prince Caro, marriage was annulled. Prince Caro, ter traffic control, and other it not better to have prohibition than no liquor at UNCLE ABE.

Although myself a do not deserve any better treatment. The nearest she looked like was Czecho-Slovak, but at no time Russian.

And since when has Russia had such

fine, clean, well lit and well kept prisons? I'm sure that a grand plane would have made the scene a perfect drawing room! TRIBUNE READER. THE BUS EXHAUST. Chicago, Dec. 29,-I think that if Dr. Sundesen would take a ride on one of the Chicago busses he would either have them fix up their exhaust pipes or force

them to issue a gas mask with each cash

MARKING THE CORNERS. Chicago, Jan. 4.—After reading the n-teresting Traffic Safety editorial, it exteresting Traffic Satety curred to me that the following suggestion might possibly be of some value. When driving on Kenmore and W throp avenues, from Wilson avenues north, you will find that at many of the

very close to the corners, and it is a times difficult to distinguish quickly when a corner has been reached. not mark the lamp posts at the with a red cross or a solid red d to indicate street intersections? I mention these two streets in par lar, because I drive them fre

street intersections the buil

streets, especially the ones leading to the Edgewater Beach hotel and to the vi-vated stations, and there is a great deal CHARLES L. SAPPO

BUILDING SAFETY IN THE MI Chicago, Jan. 4.—Your editorial Safety Must Be Built In " is at in its affirmative statements but it should not be misur a panacea or as condoning the ent accident rate on our highways they are. There is just one thing the we need even more than to build safety into our street system and that is a build safety into our own minds an subconscious habits. A competent and careful driver can and does drive safely under even the worst conditions; to the incompetent or reckless driver the broad level highway is simply an invitation to "step on it." Where through streets have been created without proper pro-vision for control of traffic on them seri-

ous accidents have increased alarmin Traffic congestion and traffic accidents are related, but they do not always go together. Records in Chicago and elsewhere show that in the congested er loop area there are very few fatalities and serious injuries, though there may be many bent fenders. The serious accidents are most frequent on the ther oughfares leading from the loop even

The ideal street or highway, win so grade crossings of either vehicles or pedestrians, only one kind of trame, and street mileage. On the remaining 99 per now-better pavements, wider turns, beiments as recommended in your editorial—but these alone will not suffice.

S. J. Williams,

Director, Public Safety Division, National Safety Council. GERMANY'S BEER. Chicago, Jan. 1.—You published an article, dated Berlin, Dec. 21, which stated that, with the advent of the new

in Germany. This statement is very misleading, as people unacquainted with the brew industry will construe this statement mean 16 per cent of alcohol, however, is ridiculously erroneous. Al no time, either in the United States of in Germany, was there a beer dis f more than 3 to 4 per cent of volume, and the 16 per cent ref in your article does not refer to alco holic content, but to specific gravity.

Regardless of what they are getting is Germany, we are asking for only 2.75 per cent beer here. ARMIN SERTA

cent beer here. THE ARMY-NAVY GAME. Chicago, Jan. 2.-Why all this run bring the Army-Navy game to Chcago in 1926? The only Army-Nav games anybody ever saw were only series of line bucks and punts, at ab

# Huge Profits for Chicagoans in Opportunities Revealed by Bartlett's Judgment

HICAGO'S AMAZING, steady growth is making thousands of families financially independent. Chicago is fulfilling every promise made by her recognized real estate authorities. For 27 years we have been turning the Light of Proven Judgment on money-making locations in and about Chicago. One hundred and forty-five subdivisions today are living monuments to Bartlett Service. Scores of locations now enveloped by fine residential and valuable business neighborhoods created by Chicago's consistent growth are -because of wise selection-aggregating millions of dollars in profits to customers who had faith in our judgment. Here are a few of the many profit producing properties we have

	Location of Lots	Sold by Bartlett in	Fo	Re-sale Va	
	79th St., near Constance Av	1915	\$ 49	5 \$ 18,000	353.63
	Western Av., near 96th St	1919	49	5 10,000	320.03
	103rd St., near South Park Av	1917	10,000	0 36,000	32.50
	79th St., Maryland to Cottage Grove	Av. 1910	14,50	0 475,000	211.72
	74th and Halsted St	1909	3,50	0 75,000	127.67
è	63rd St., near Central Av	1922	23,00	0 100,000	111.59
	Bartlett's Ravinia Highlands		1,150	3,000	20.10
	Bartlett's Greater Chicago		12,500	22,600	(2 mos.) 484.80
	Bartlett's Marquette Highlands	1922	23,000	0 100,000	111.59
	Bartlett's Northwoods 3rd Addition .	1925	1,975	3,750	(4 mos.) 269.61
i	Bartlett's Chicago Highlands	1924	1,980	5,800	192.93
	S. W. Cor. 95th St. and Cicero Av	1924	19,750	51,000	158.23

These figures show how values rise in Bartlett's subdivisions from which the above locations are selected at random for publication. The increase in value of the entire tracts is proportionately great enough to amount to a private fortune for every purchaser.

BIG PROFITS from these properties are being paid to our customers. Our share of this prosperity is the widespread good-will that is increasing our volume of business by leaps and bounds to a point where we have served more than 100,000

So strongly have we built good-will that our sensational new high sales records are being achieved with little advance publicity and without recourse to "high pressure" sales methods. Bartlett properties are practically bought on sight because of their strategic location. Last year thousands of farsighted buyers invested more than \$10,000,000 in our business and residence properties, thus setting the pace for real estate activity in Chicago, and proving again the success of the Bartlett Plan.

This plan, based on a foundation of more quarter century of realty experience, is to in the paths of Chicago's most logical and inns development. Our enormous buying power 50 us to secure choice selections. By payin on we cut purchase costs to lowest figures, 14.65 possible to subdivide and dispose of our bab.00 prices far below their actual retail value, 9.75 families of modest incomes the same proopportunities to make money that the larg

Proven Judgment,

enjoys. A one-fourth down payment monthly terms, small enough to pern acquire high grade property today, on pated earnings tomorrow, are the star that are helping our customers to rear long before their purchases are paid for

#### All titles guaranteed free to our cus ers by the Chicago Title and Trust

If you have been in Chicago for even ju time, you are aware of its rapid expansion. in Midst of Biggest Real Estate Market," Increases \$100,000,000 Here" and Subdivi velopment Breaking All Records," are exai headlines flashed in our daily newspapers. Metropolitan District is not flying on a "by .00 subject to "boom" reactions. It is a city of PR NENT development and SANELY increasing A 4,000,000 population, increasing at the rate of Full 000 a year, is creating an acute realty demand should be sufficient in itself to guarantee profits—SAFELY.

#### Now the 1926 Sensation!

Yet in the face of this rising market, Bartlett is NOT ran ing prices. We saw the demand coming and are prepared to meet it with the most amazing real estate offer of the decade, Revealed in The Light of 27 Years of Proven Judgment, it stands out as the greatest money-making opportunity for people of modest means today. Because of its strategic location, our low prices and easy terms, this new real estate offer is scheduled to be sold out at a Great One Day Sale. According to the Bartlett Plan, advance announcements of the date and location of this sale will be made only to those on our mailing list. This information costs you nothing. To make sure of getting an advance announcement in time to inspect this property before it is opened to the public—cut out and mail attached coupon today.

# The new Palmer House selects the Steinway!

HAT is demanded is the best that can be afforded, not by a solitary country or people, but by the round world . . . Nothing can be left to chance in this fascinating pursuit of excellence, where every detail, old or new, must be tested."

—from the book of the new Palmer House

Such ideas are profusely evidenced on every side in the new Palmer-House. It is significant that the pianos selected and purchased by the management for the various dining and ballrooms are

#### THE INSTRUMENT OF THE IMMORTALS

On concert stage or in homes, in celebrated hotels or in the schoolrooms, the Steinway is unquestionably chosen. Played exclusively by such masters as Paderewski, Rachmaninoff, Hofmann, Ganz, and the other

leading pianists of today, it is equally the instrument of the music lover.

The Steinway is made [under the personal supervision of the Steinway family] in numerous styles and sizes to suit every home.

No. 3 of a series of tests to determine the effectiveness of preserving food with the Copeland System of Electric Refrigeration

# It was impossible to tell five-day milk and cream from that delivered fresh from the dairy

Guarantee

TILK AND CREAM may be kept fresh and sweet for five days in a refrigerator equipped with the Copeland System of Electric Refrigeration for the Home-that is the amazing result of a test just completed by the Domestic Science Department of a prominent university.

One quart of Grade A milk and one pint of cream were placed in a Copeland-equipped refrigerator for five days. The bottles were then removed and placed alongside bottles of milk and cream fresh from the dairy.

The students were then asked to differentiate between the one-day and the five-day milk and cream and were permitted to use any test they wished. Result: not one student was able to state which milk and cream was fresh from the dairy, and which was not.

You, perhaps, would not have occasion to keep milk, cream or other foods this length of time but the test shows conclusively just how

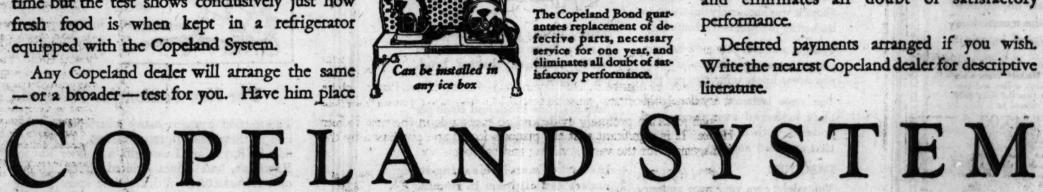

any perishable food you select in a Copeland-equipped refrigerator for a week, or longer. The results will be a revelation.

The perfect preservation of perishable foods with the Copeland System is possible because of the control which automatically maintains a temperature of less than 50° Fahrenheit—a safe temperature. This safe temperature is always at least 10° to 12° colder than that of ice. Yet the cost of operation is less than the cost of ice.

Thousands of household systems are in successful operation in American homes today. A most forceful sales argument for the Copeland System is the testimony of present users contained in a 24-page booklet which will be mailed on request.

The Copeland System is easily installed. The Copeland Bond guarantees replacement of defective parts, necessary service for one year and climinates all doubt of satisfactory

# HYGIENE

HYGIENE comes from the Greek, but we were the first institution to invite it into a barbering shop since it left home!

Until the advent of the Terminal Shops it was absolutely unknown in barbering practice and terminology. You got a shave, you got a haircut,

you got a massage, you got out—but you never knew what else you got! You were lathered with a brush that lathered everybody and groomed with a brush and comb that excluded nobody!

IMAGINE!!

You might own your own automohile, but you had to use the other fellow's shaving utensils and his brush and comb!

THINK OF IT!

That's what the founder of this business did!—HE THOUGHT OF IT!-and the more he thought of it, the more he contemplated the free-for-all character of barbering standards and the absolute lack of hygienic precaution and protection, the more he saw the need of ideals and of change!

Now, Gentlemen, a lot of nonsense is published in the name of ideals, but you cannot question the ideals of a man or an institution that spends a fortune annually to up-

Instead of one shaving brush per barber, Terminal supplies one freshly sterilized shaving brush per customer!

Instead of one brush and comb per chair, Terminal supplies one steril-ized comb and brush per head!

Instead of merely cleaning its razors and clippers in running water, Terminal sterilizes them before you in boiling water.

We sterilize our uniforms-we sterilize our towels-we sterilize everything we touch and everything is sterilized that touches you!

But in the Terminal Shops there is no premium on the check for finer service in the chair. Terminal prices are standard whether you obtain service in Chicago, Detroit or New York.

# New Cotton Fabrics Express The Freshness of a New Season

Never has the Spring Showing of Cotton Fabrics been so beautiful and diversified, for fabrics are not only new and fresh in color but new in thought. Artists have reflected in these Cotton Fabrics all that is lovely and modern in dress design. From Switzerland and France come Crepes with Jacquard work, and sheer Voiles. Many may be selected in panel effect. English and Wendover Prints are charming for children.

Voiles delightfully patterned, Cotton-Crepes in distinguished weaves, and Broadcloths in clear colorings are to be found in abundance. Fine Ginghams are imported and domestic.

#### The New Section for Silk-and-Cottons and Rayons

This section contains many a striking suggestion in these new, lustrous weaves. Of special note in Rayon are Lusterglo, a heavier Rayon, Raychyne, and Adora Printed Crepe, of our own manufacture. A little time spent among these displays, and your Spring and Summer Wardrobe will adopt new possibilities.

A Special Selling of Printed Silk-and-Cotton Crepes, 65c Yard

These wonderful Fabrics which combine the beauty of Silk with the wearing qualities of Cotton are to be had in many lovely prints, 65c: Cotton Fabrics, Second Floor, Middle, State

# **GANADA OFFERS** 200,000 CATTLE TO U.S. CORN BELT

Seeks Reciprocity on Live Stock and Fish.

BY E. L. SCOTT.

hicago Tribune Press Service.] right: 1926: By The Chicago Tribune Ottawa, Ont., Jan. 5.—Several people in the United States, especially in Penn-sylvania and other Atlantic states, are writing to their congressmen asking that Canadian beef cattle be placed on the free list. Thomas King, adviser at Washington of the Canadian govern-ment, has so informed the cabinet in

"I am satisfied," Mr. King told a convention of Saskatchewan farmers, "that the prospects for suspending, reducing, or repealing the American tar-iff against Canadian cattle never were so bright as they are today. The mammoth corn crop and the low price for corn makes thousands of farmers in the corn belt eager purchasers of cattle to fatten for the market.

Convert Corn Into Beef. Owing to the high price of corn in evious years the midwestern farmer been stocking up with cattle feed. They find themselves now art of stock when they have plenty of low priced corn to convert into high beef. There will not be much, if any, opposition from the American live stock interests. The American market can absorb the 200,000 Canadian cattle available for export yearly without affecting the price. The United States eats 13,000,000 head of cattle a year." Canadian cattle were on the United States free list until 1921 with

effect on the market, it is said.

Although the Fordney-McCumber tariff law gives President Coolidge au-thority to cut the tariff fifty per cent,

whole fishing industry on both Pacific and Atlantia seaboards.

The United States is the largest buyer of Canadian fish, taking twice the shipments to England; in fact, almost half of all Canadian export. The Fordney-McCumber tariff costs the Canadian fishermen about \$5,000,000 a recting the plot that led to her hustened to the company across the compan

Address K L 137, Chicago Tribune

# THIS IS APRIL

IF YOU HAVE RESOLVED to make your 1926 advertising do a better job, it is time to be about it!

MARCH magazines have closed.

THERE IS just time to prepare copy for April.

SHOULD YOU have a good agency, keep it. If you haven't, you know it-and know there is no business reason for postponing a change.

ABOUT THE ONLY element of chance left in advertising is the choice of an agency. And choosing the right one is not so difficult, after all. If you use a simple process of elimination, the list that is left for consideration will not be long!

AVOID the "live and learn" agents who are ever ready to do both at your expense. Successful agencies have not stopped learning, but they have ceased to experiment with advertising principles which are today thoroughly understood."

ELIMINATE THOSE who "sample" their ability, employ solicitors, or otherwise reveal their lack of recognition. Agencies with several successful advertising accounts to their credit are usually able to crowd in another. But they are too busy in behalf of their old accounts to permit of purely speculative efforts to secure new ones.

ANOTHER group it were well to avoid is the members of any club, association, or organization whose purpose is to "keep the game good." A capable agency organization needs no affiliation with colleagues, nor agreements with its competitors, and pays little attention to either.

IN PLACING your account, don't try to be "fair" with anybody but yourself. Forget the deserving. Get with those to whom succeeding has become a habit. The agency that can do the most with your account is

probably the one that needs it least. And all advice is lost on him who would give any advertising organization a second chance. There is no reason to believe that an agency which has failed to find the combination the first time will succeed with the second attempt-or the twentysecond. Advertising men either know their business, or they don't.

THERE ARE AGENCIES whose experience equips them to launch almost any advertising campaign with speed and safety. They know, and you know they do, from what they can tell you before, not after, their experience with your particular problems and products. They can tell you, for example, your advertising cost in selling a set of books; distributing a catalog of your goods; winning a new customer for a breakfast food, soap, rouge, roofing material, furnace, or suit of clothes. They can tell you-to a penny-what your advertising expense will be in persuading people to try a new cough remedy, or a new kind of varnish. Or, how many folks will ask for your brand of coffee at the grocers, or beverage at the fountains—and how much the advertising will cost.

THEY WILL TELL you what you must spend to go to the trade with any new goods. With some products, they will undertake the job with an appropriation of twenty thousand dollars, or less. With others, they will insist on a minimum of ten times that amount. And they will be right in both cases; able to prove their calculation right by a simple test costing less than a thousand dollars.

THEY UNDERSTAND sampling and demonstrating; how to use either, and when to use neither.

THESE ARE SOME of the things a capable advertising organization knows as a natural consequence of long experience. Just as men in other businesses have

NOTHING which is conducted outside of business of advertising, today. In experienced hands, your advertising expenditure can be made to do what you want it to, and what you are told in advance that it will do.

tising perform for you.

SURELY, IT WILL PAY any advertiser to search out the agency best equipped to serve him. Approach it as you would any other business decision of importance. Remembering that advertising mistakes are often made far below the surface, and consequently slow in showing up.

DUN OR BRADSTREET will help you edit the list of agencies desirous of your advertising business. So can any publisher. Ask the Tribune; or any publisher beyond need of agency favor and whose advice is actuated solely by the wish to make advertising pay the advertiser.

OR, you may have for the asking, our book, Advice For Advertisers. Small as it is, some declare it has left nothing to say

Kling-Gibson Advertising

learned how many castings will go in a car, or the shrinkage in a shipment of material. In judging the selling appeal, they have much the advantage of any salesmanager; for the strength or weakness of printed sales arguments is checked from thousands, often millions of cases. In the right agency, you nor they will ever be in doubt as to the logical and profitable advertising copy.

TRUE, all who practice advertising are not seasoned men. The advertising agency business is of perhaps too easy entrance. And the tremendous volume of advertising to be handled has made it possible for the none-too-experienced to survive, and even succeed. That is why we counsel careful selection of the agency which is to be almost wholly responsible for making adver-

about advertising-good and bad.

# MONTE CARLO

By E. PHILLIPS OPPENHEIM

Sir Hargrave Wendever, country gentleman and financier, calls on a famous London physician for examination, and is told he cannot live for more than six or eight months. Mendever takes the blow standing, and decides to go on with his plans for the winter as though nothing had happened. However, feeling the urge to give a lift to some poor sature, he experiments on those with whom he comes in contact until he finds who is in need of help. This proves to be a delicate looking manicure girl who serves him regularly. He offers Violet Martin and a member of her famin a vacation at Monte Carlo. She persuades her fiance, Robert, to act as her brother. They call on Sir Hargrave and tell him they will go. In Monte Carlo their host tells them they are free to do as they least, gives them plenty of spending money, and places a car at their disposal. Hargrave renews his acquaintance with the charming Princess Stephanic Putralka, who is in love with him. The princess gives a dinner to which Wendever and his friend Lord Pellingham

#### INSTALLMENT XXI. A PERFECT SETTING.

Pellingham stole a glance at his questioner. The Comtesse Fayaldi was ite, a brunette, dainty, with large, mysterious eyes and beautiful hands and fingers.
"Well," he said, "Monte Carlo, as you know, is a strange place. Every

eason there is one man or one woman who seems to dominate it. This year hey tell me it is Hargrave Wendever."

"This is interesting," she murmured, her eyes fixed upon Hargrave.
"How he lives the life, I can't imagine," Pellingham went on, "for in England he's rather a quiet sort of chap. Out here they tell me he is either a guest or he gives a party every night. He mixes with the best of every t—royalty for dinner, perhaps, and the haute demi-monde for supper. He popular with them all—goes through it like a man—and yet he plays golf. nis, owns a racing motor car, and is a great gambler when he feels like it."

"A full life," she reflected. "Tell me, you who are his friend, is he an y man to understand?"

"Until lately, I should have said one of the easiest in the world. Last time I saw him in London, though, he seemed a little queer, and out here he seems to have gone off the rails altogether. You could never really get him going in London. He was always wanting to keep fit for hunting or racquets, "He has the affaires with women?"

Pellingham shrugged his shoulders.
"He is rather off them in England," he replied. "Out here I suppose we

### Garden Is Her Own Great Self as Melisande

And Fine Performance of Debussy Opus Is Given.

BY EDWARD MOORE. About once a year a singularly been given to "The Harem"; but that | imaginative work creeps into the opera piece has been inured to shoving: first, company repertoire. It is "Pelleas two weeks were cut from its booking of Mélisande," once a play by Maeterin favor of "The Dove," and then two change than a few brief cuts, became the libretto of an opera by Claude Deroom for Mr. Tyler. . . It is, maybe, bussy. At all times, from the first needless to explain that the reason for Chicago performance of the work in shoved over to February 1, to make room for Mr. Tyler. . . . It is, maybe, needless to explain that the reason for keeping "The Dove" here is that it is immensely prosperous.

Miss Ruth Draper's dates in the Har

Miss Ruth Draper's dates in the Har

The story of "Pelléas et Méllsande"

Miss Ruth Draper's dates in the Har facilities of the city. Aret McCauley, Michael Reese hospital, nurse.—
In the country. From my own experience in both places I am satisfied that home life in the country is better for growing children than in the city Chilling dren of the country and re less sophisticated, but release to the country and release sophisticated, but country and release sophisticated, but country and release sophisticated but country and release sophisticated but country and release sophisticated but country and release sophisticated.

"Where are you going?" asks Mélisande in the first scene. An unlooked for addition to the replies Golaud. And that, as much as week's list of new plays in New York anything in the five acts, is the key is named "Head-First," and is by Willof the place. Or else it is Méliande's lis Goodhue, who three seasons ago unfailles and the first scene.

atic stage able to project wistfulness as she does it, and the others, Maria Claessens as Genevieve, Alexander Kipnis as Arkel. Helen Freund as Yniold, seemed to cue their moods directly upon hers. And Giorgio Polacco at the conductor's stand transmuted the Debussy notes into lovely, tonal

A great performance all the way through, with Miss Garden in her most distant and remote manner in acknowl-edging applause before the curtain. Some day some one ought to write the bows of prima donnas after an act, be-cause they are frequently almost as dramatic and quite as entertaining as what has gone on during the perfo

Forrest Lamont is ill of the Chicago climate, which is affecting many sing-ers these days, and "Lohengrin," billed for tomorrow night, will be deterred. In its place "Tosca" will be sung by Rosa Raisa, Antonio Cortis, and Georges Baklanoff.

#### What's Doing Today

NOW OW OW OVER

Cold Right Up

BY JANE EDDINGTON. Cereal Breads.

It is pleasant to vary the characters the breads we have on the table, ugh we may not be as exacting ut this as the Scotch who like at ast five kinds of breads on their cakfast tables. The darker breads are nearly always gratifying, and it is easy to increase one's supply of recipes for these, especially if we hark back to any of the old cook books, or we need go no farther back than the conservation days" of the near past. One of the quick catmeal loaves of that period is about as acceptable in silices as any oatmeal yeast bread. For it take two and one-fourth cups of rolled oats, two teaspoons of baking powder, one cup of milk, one-half teaspoon salt, one tablespoon or a little re nearly always gratifying, and it fore of sugar, one egg. Put the rolled ats through the fine knife of the food chopper, mix together all the dry in gredients, add milk and the egg well aten. Bake in a regular one pound ad loaf pan for about one hour in a

Of course, no two persons will get the same results with this recipe, since they do not use some of the most universal of yeast bread recipes. In baking any of these cereal breads heets we use a hotter oven, and hotter yet when the batter is ed in small or muffin size portions.

The following makes an excellent sheet of bread to be cut in squares: One cup flour, one-half cup of farinar of some other cereal ground so as to have the same sort of granular character, one cup of sour milk—or better, half sour milk and half sour cream—one tablespoon of sugar, one teaspoon salt, one-half teaspoon soda. Sift the dry ingredients. Whip up the sour milk, trying to have it at least one-third sour cream. Save out a few tablespoons of it to dissolve the soda in. Pour the rest into the dry mix-ture and beat all well.

Dissolve the soda in what was saved for this purpose and when it begins to foam beat it into the batter. Bake 400 degree oven. An egg can be used in this recipe, but if not overbake it is good without.

#### WEDDINGS

Tall candles in high holders trimmed with white roses formed an alse for the bridal procession at the marriage last evening of Miss Algenia Trude, daughter of Mr. and Mrs. Walter Scott Trinds of 5419 Hyde Park boulevard to Kenneth Muir Wright, son of Tracy Wright of 4906 Blackstone avenue. The service was read by the Rev. George H. Thomas in the card teem of the South Shore Country club which had been converted into a tiny chapsi for the occasion. for the occasion. met the friend.

Tride wore a white chiffon rown, tight bodiced and with a full fircular skirt, trimmed with pearls and rhinestones, and a long trailing will of malines. There was a bit of helicosus rosepoint on her pearl trimmed cap and she wore her grand mother's rosepoint mitts. The maid of honor, Miss Frances Levin, wore or-chid chiffon, and the bridesmaids, Miss Georgene Fife, Miss Betty Sexton, Miss Cella Kern, and Miss Verna Goss, were in shades of peach chiffon. The stiendants all carried blush roses.

After a wedding trip through the swill reside on the south side.

The marriage of Miss Sylvia Dellahed daughter of Mr. and Mrs. Joseph Dellahed daughter of Mr. and Mrs. Joseph Dellahed daughter of Mr. and Mrs. Moseph B. Manasse, con of Mr. and Mrs. Moseph B. Manasse, on of Mr. and Mrs. Moseph

# "Safe for mesafe for you, too"

Isn'toit fine to know that Carnation Milk is such good, safe milk for babies and growing It is safe. It is sterilized. And it comes to

you sealed air-tight so contamination cannot Carnation is as nourishing, too, as good, rich milk can be. It agrees with babies - its uniformity prevents the upsets caused by

milk of varying quality. It is so easy to prepare—no need to pasteur-ize it, for it is already sterilized. Your doctor will tell you the right formula for baby feeding.

#### Fine for cooking and coffee

Carnation is just rich whole milk made doubly rich by evaporating part of the natural water. It is unsweetened; nothing is added. It is so smooth and rich and creamy that it gives marvelous results in all cooking. You add a little more than an equal amount of water and use as you would bottled milk.

You will use Carnation undiluted, too, for creaming coffee - and like it - and rejoice at the saving in the cream bill (almost two-thirds). Your grocer has Carnation Milk. Get a supply today and begin to enjoy its goodness, convenience and economy.

FREE - Write for "My Hundred Favorite Recipes," by Mrs. Mary Blake

#### TITLE CHANCES FADING

Edouard Horemans, the Belgian who holds the world's 18.2 balk line billiard championship, faces an almost hopeless task of making 928 points in the final block of his match with Former Champion Jake Schaefer. Jake leads, 1,000 to 572, in the two blocks already played, and the final block will be staged today. Horemans won the title about a month ago from Schaefer.

leave for California to play a Pacific coast schedule.

Hits at Zuppke.

Grange ridiculed Coach Zuppke for saying that Red owed it to the University of Illinois not to enter professional football and asked pointedly if Zuppke's loyalty to Illinois could stand the strain of more money offered by some other university when the Illinois contract ran out.

Red refused to talk exact figures, but admitted that his professional football earnings exceeded the wildest dreams he had entertained before he signed his contract. He told how officers of his Champaign bank are investing his money in Liberty bonds and first mortgages on real estate; and smiled as he said that already the income from his investments "was several hundred dollars a month."

Two years will end his drawing power in professional football and the morties, Red estimated, "but by then I'll have enough so I can say when I'll work and where I'll work, and work it whit I want."

The pass of the eathly bonds and first place of the hardinger, respectively. Although Bentley is a left hander, he always seemed rational until he and Dean and Walter Hunsinger, he suppectively. Although Bentley is a left hander, he always seemed rational until he and Dean were traded to the Phillies for the rotund Jimmie Ring. Then he became abnormal, announcing he was glad to go to Philadelphia. After two years with the Giants, and he may never evince such symptoms. But anyway Mr. McGraw has disposed of three athlies, one pitcher and two suspects, named Jack Bentley, "Wayland Dean and Walter Hunsinger, respectively. #### The Figures

The score by innings for the first two blocks of the championship billiard match follows: SCHAEFER - 37 135 1 0 85 138 82 170 19 210 \*123-1,000.

HOREMANS - 17 15 8 0 1 2 89 17 89 91-572. \*Uncompleted run. Average for 11 innings: Schaefer, 90 10-11; oremans, 52. High run: Horemans, 243; Schaefer, 210.

BY MORROW KRUM. Young Jacob Schaefer, who seems ssessed with a cold determination to

become the all swung into high speed at Orchestra hall last night way to an almost overwhelming lead over Edouard Horemans, the er, in the 18.2 balk line championship contest. Wher marked the end of the second block of the 1,500

Young Jake carried a bag of sur-prises when he began play last night. Before he had finished his evening's work he had convinced everybody in the house that he not only wants Horemans' crown, but that he certainly deserves two or three of the dia-

ly deserves two or three of the diadens if he never plays another game
of billiards in his life.

His average for the two blocks is
90 10-11 billiards per inning. It has
taken him only 11 innings to reach
his present total. He was at the table
four times last night and rattled of

Strangely enough Horemans, who met with difficult situations and could not get going, also stands well in the ing about and Horemans has an aver-age of 52 for the eleven innings.

age of 52 for the eleven innings.

But last night was Schaefer's night.

Horemans set in his high chair in the sou'west corner of the arena and frowned. Schaefer was doing too many tricks for the Belgian and Eddie was terribly bored and disappointed. When Charley Peterson who has refereed more championship billiard games than any other man, called the meeing to order it was still Mr. Schaefer's turn to play, the "still" being a heritage from the evening previous when an uncompleted run had sent him to the 500 point mark. Jacob sized up the first shot, also a heritage from Monday night and his confidence was

Monday night and his confidence was marked by every spectator.

The balls were in a cluster at the south end of the table. Jake made his shot and a billiard was accomplished.

\$10,000,000

Paramount Broadway Corporation

(Wholly owned subsidiary of Famous Players-Lasky Corporation)

First Mortgage 5½% Twenty-five Year Sinking Fund Gold Loan

Due January 1, 1951

Secured by closed first mortgage, on land and building owned in fee, to United States Mortgage and Trust Company, Trustee, which will issue its participation certificates in coupon form in \$1,000 and \$500 denominations, registerable as to principal. Interest payable January 1 and July 1 without deduction for any tax other than Federal income taxes exceeding 2% per annum. Provision will be made to reimburse holders of any of certificates resident in such states for Pennsylvania 4 mills tax and Massachusetts income tax not exceeding 6% per annum.

Famous Players-Lasky Corporation will guarantee completion of the building and lease the same for a period of twenty-five years from January 1, 1926 at a net annual rental equal to the largest amount required for interest and sinking fund on the loan in any year.

These certificates, upon completion of the building, will, in the opinion of counsel, be legal for investment of Trust Funds under the laws of the State of New York.

Annual sinking fund payable in semi-annual installments, beginning January 1, 1929, sufficient to retire \$250,000 principal amount of certificates per annum at redemption price, to be applied to purchase of certificates if obtainable at or below redemption price then in force or, to the extent not so obtainable, by call at such prices.

Redeemable as a whole or in part on any semi-annual interest date, on thirty days' prior notice, up to and january 1, 1936, at 103 and accrued interest, thereafter up to and including January 1, 1941, at 102% and accrued interest, thereafter up to and including January 1, 1946, at 101% and accrued interest and thereafter at 100% and accrued interest.

For further information negarding the company and this loan, reference is made to a letter dated January 5, 1926, received from Adolph Zukor, Esq., President of Famous Players-Lasky Corporation, copies of which may be obtained from the undersigned and from which the following is quoted:

LOCATION

The property is situated in one of the recognized centers of New York City. It includes the entire block front on the west side of Broadway, between 43rd and 44th Streets, fronting on Times Square, and has an area of approximately 41,575 square feet, with frontages of 200 feet 10 inches on Broadway, 207 feet on 43rd Street and 207 feet on 44th Street.

DESCRIPTION

The building, which is now in course of construction, will be one of the most important in New York, and will be known as The Paramount Building. It will be a high grade, fireproof, office and theatre building, the office portion of which will be 31 stories with a height of approximately 417 feet and with over 223,300 square feet of rentable floor space for stores and offices suitable for high class business and professional purposes. The theatre portion of the building will contain the most up-to-date motion picture theatre in the country, with a seating capacity of approximately 3,700.

SECURITY

The loan will be secured, in the opinion of counsel, by a closed first mortgage on the land and building owned in fee and by a pledge with the Trustee of the lessors' interest in the lease to Famous Players-Lasky Corporation mentioned below. The appraised value of the land, based upon the lowest of independent appraisals made by Horace S. Ely & Company and George R. Read & Company, is \$6,000,000 and of the completed and equipped building, based on the lowest of appraisals made by Messrs. Warren and Wetmore and Thompson-Starrett Company, is \$10,-700,000, making a total appraised value of \$16,700,000. On this basis the land and building, when completed, will have a valuation of over 150% of the loan, and these securities, in the opinion of counsel, will thereupon be legal for the investment of trust funds under the laws of the state of New York. SECURITY

Cash equivalent to the principal amount of the loan is to be deposited with United States Mortgage and Trust Company, as depositary, and paid out from time to time, to the extent of not exceeding 60% in any case, to reimburse the mortgagor corporation in part for the cost of the land and the balance for the construction of the

building, on construction certificates showing indebtedness incurred or advances made, as certified to the depositary by Messrs. Warren and Wetmore, as supervising architects

Famous Players-Lasky Corporation will guarantee com-pletion of the building in accordance with plans and specifi-cations prepared by Messrs. C. W. and George L. Rapp, architects and approved by Messrs. Warren and Wetmore. Title Guarantee and Trust Company will issue its policy insuring that the mortgage is a valid first lien on the

Simultaneously with the execution of the mortgage the entire building will be leased to Famous Players-Lasky Corporation for a period of twenty-five years from January 1, 1926, at a net annual rental equal to the largest amount required for interest and sinking fund on the loan in any year, which lease will be assigned to the trustee as further security for the certificate holders. Famous Players-Lasky Corporation will also assume the payment under the lease of all taxes and all operating and mainunder the lease of all taxes and all operating and main-tenance expenses of the building from the date of its

completion.

Famous Players-Lasky Corporation has no funded debt and at December 27, 1924, a consolidated balance sheet of the Corporation and its subsidiaries, certified by Messers. Brice, Waterhouse & Company, indicated net worth, exclusive of good-will, of \$31,647,000, to which there have since been added the proceeds of the sale of 121,715 shares of common stock of the Corporation, making a total net worth, exclusive of good-will, of over \$42,000,000. Its consolidated net income (i. e., after depreciation, interest and taxes) for the year ended December 27, 1924, was reported in excess of \$5,422,000, and its average consolidated net income for the three years, 1922, 1923, and 1924 was in excess of \$4,593,000. Earnings for the year ending December 26, 1925, are running well ahead of last year and are expected to be the largest in the history of the Corporation. It is estimated that the annual net earnings of Famous Players-Lasky Corporation from the building (including operation of the theatre), before rental but after all other charges for operating expenses, maintenance, depreciation, incurance and property taxes, will equal about twice the charges for operating expenses, maintenance, depreciation, insurance and property taxes, will equal about twice the annual charge for interest and sinking fund on the loan."

THE UNDERSIGNED WILL RECEIVE SUBSCRIPTIONS FOR THE ABOVE CERTIFICATES, SUBJECT TO ALLOTMENT, AT 981/4% AND ACCRUED INTEREST TO DATE OF DELIVERY, TO YIELD OVER 5%% TO MATURITY.

Subscriptions will be received at the office of Kuhn, Loeb & Co. and the right is reserved to close the subscription at any time without notice, to reject any application, to allot a smaller amount than applied for and to make allotments in

The above certificates are offered if, when and as issued and received by the undersigned and subject to the approval of their counsel. Temporary certificates or interim receipts will be delivered against payment in New York funds for certificates allotted, which temporary certificates or interim receipts will be exchanged for definite certificates when

cation will be made in due course to list these certificates on the New York Stock Exchange.

Kuhn, Loeb & Co. Hallgarten & Co. Marshall Field, Glore, Ward & Co. Lawrence Stern and Company, Inc.

Preferred as to \$100 of assets and \$6 cumulative dividends over the Convertible Preferred and Common Stocks. Dividends exempt from the present Normal Federal Income Tax.

This Issue has been authorized by the Public Service Commission of the State of New York

· Transfer Agent F. E. TAYLOR, 61 BROADWAY, NEW YORK CITY

Registrar NATIONAL BANK OF COMMERCE IN NEW YORK

Mr. J. I. Mange, Vice-President of the Staten Island Edison Corporation, has summarized his letter to the Bankers as follows:

BUSINESS: The Staten Island Edison Corporation furnishes without competition electric light and power service to the entire Borough of Richmond (Staten Island), New York City, serving over 32,800 metered consumers. The Corporation also supplies power under a favorable contract to the Staten Island Rapid Transit Railway (a subsidiary of the Baltimore and Ohio Railroad) for the operation of its forty-four miles of track, the electrification of which was recently completed. Over 74% of the total consolidated operating revenue and over 94% of the consolidated net operating income is derived from the sale of electric light and power. The business has shown a steady and rapid growth, as evidenced by the increase in k. w. h. output of more than 430% over a period of twelve years. Staten Island is a rapidly growing territory with a population now estimated at 138,000 and an area three times the size of the Borough of Manhattan.

PROPERTIES: The properties consist of an electric power station designed for an ultimate capacity of 60,000 k. w. and having a present installed capacity of 35,500 k. w., together with adequate transmission and distributing lines. Subsidiary companies furnish street railway service in the northern section of the Borough and operate a ferry system between the Borough and New Jersey.

PURPOSE OF ISSUE: The proceeds from the sale of this issue of 35,000 Shares First Preferred Stock will be used for additions and extensions to the electric plant and to reimburse the treasury of the Corporation for similar expenditures, and for other corporate purposes.

ASSET VALUE: The sound value (after depreciation) of the properties of the Staten Island Edison Corporation and its subsidiaries, based on valuations as of December 31, 1922, plus net additions at cost to October 31, 1925, and net current assets, including the proceeds of the present financing, and after deducting all liabilities other than capital stock, amounted to over \$12,600,000, or over \$360 per share of First Preferred Stock.

EARNINGS: For the twelve months' period ended October 31, 1925, consolidated net earnings available for dividends on the \$6 Dividend Series First Preferred Stock, after deducting maintenance and depreciation charges equivalent to 19% of gross earnings, amounted to \$555,380, or over 2.64 times annual dividend requirements on the First Preferred Stock.

Deducting \$190,751 interest charged to construction during this period, the benefits from which are only slightly reflected in the above earnings statement, the balance available for dividends on the First Preferred Stock, after deducting maintenance and depreciation as stated above, would have been \$364,629, or 1.73 times such dividend requirements.

RESTRICTIONS: Additional First Preferred Stock may be issued only under conservative restrictions as set forth in the letter to the Bankers.

MANAGEMENT: The Corporation is affiliated with Associated Gas and Electric Company and is under the supervision and management of the J. G. White Management Corporation.

Stock is offered when, as and if issued and received by us and subject to the approval of counsel. All legal matters will be passed upon by Messrs. Roberts and Montgomery for the Bankers and Messrs. Travis, Spence & Hopkins for the Company. It is expected that temporary stock certificates will be ready for delivery on or about January 20, 1926.

These buildings are included in the Hearst-Brisbane Properties, security for a Straus bond issue of \$7,000,000.

N this page are pictured some out of the many outstanding buildings behind Straus loans of 1925. These buildings constitute a large part of the major construction of the year in our large cities.

Since January 1, 1925, S. W. STRAUS & Co. have underwritten bond issues ranging from \$150,000 to \$15,000,000 secured by properties in 38 cities in 16 states and one province of the Dominion of Canada. The total volume of our business exceeded that of any previous year by a large amount. A total of \$28,794,000 in Straus Bonds were called and taken up at a premium, which means that our clients not only received the full par value of their bonds with interest to date, but in addition a profit of nearly \$1,000,000.

These facts are submitted as evidence of the confidence imposed by the investing public and the building industry in S. W. STRAUS & CO.

Our current list describes a wide diversification of sound first mortgage bonds, in \$1,000, \$500 and \$100 denominations, yielding 5.75 to 6.40%. January investors should call or write for

1,100,000 Shares

# The National Cash Register Company

(Maryland)

Common A Stock

CAPITALIZATION (Authorized and to be presently issued)

The Common A Stock is entitled to preferential cumulative dividends of \$3 per share per annum, payable January 15, April 15, July 15 and October 15, before any dividend on the Common B Stock. Subject to this prior right, the Common B Stock is entitled to non-cumulative dividends of \$3 per share in any year. Both classes of stock participate equally share for share in additional dividends in any year. The Common A and Common B Stock have equal voting rights except that the Common B Stock has the right to elect a majority of the directors and the Common A Stock the remainder, unless at the time of election the company is in default with respect to two quarterly dividends on the Common A Stock, or with respect to earnings as provided in the charter, in each of which cases the Common A and Common B Stocks vote equally share for share in the election of directors. The Common A and Common B Stocks participate equally share for share in distribution of assets in liquidation. Central Union Trust Company of New York, Transfer Agent. The National Park Bank of New York, Registrar.

From his letter to us, Mr. Frederick B. Patterson, president of the company, summarises as follows:

The National Cash Register Company has been organized under the laws of Maryland to acquire the entire assets and business of The National Cash Register Company (an Ohio corporation), established in 1882 and today the largest manufacturer of cash registers in the world. The business has grown from an original investment of about \$10,000 to its present size through reinvestment of earnings, with the exception of \$1,500,000 received prior to 1900 from the sale of stock. We are advised by counsel that certain legal proceedings, pending and threatened against that company will not seriously affect the assets or business of the company.

Sales agencies are maintained in every state of the United States and, directly or through subsidiaries, throughout most of the world. In the United States there are more than 230 sales agencies with over 1,400 sales representatives.

The domestic and foreign organizations include more than 10,000 people. The principal plant at Dayton, Ohio, consists of twenty-three buildings, with a total floor space of over 44 acres, and is considered a model industrial plant. The manufacture of several hundred sizes and types of cash registers meets the varied demands of practically all lines of business.

MANAGEMENT AND CONTROL

The management will remain in the hands of the men who have successfully conducted the business. Mr. Frederick B. Patterson, the son of the late Mr. John H. Patterson, the founder of the business, will be president, and will own a majority of the Common B Stock.

Earnings of The National Cash Register Company (Ohio) as certified by Messrs. Price, Waterhouse & Co., adjusted to include the earnings of foreign subsidiary companies, as taken from the companies' financial returns, shown both after deduction of employees' profit-sharing participations and before deduction of employees' profit-sharing participations, in both cases after depreciation and all other charges and Federal Income Taxes at current rates, have been as follows:

After deducting Before deducting employees' profit-sharing participations participations \$4,640,414 \$6,199,613 3,663,712 5,789,600 3,556,348 2,580,872 3.181.421 4,974,800 1922. 3,689,571 6,539,889 5.063.547 6,534,822 5,942,304 7,807,596

\*Including estimates of the management for 1925 as follows: Ohio company for December foreign subsidiaries and branches for the last three months. The employees' profit-sharing plan heretofore in effect, the basis and amount of which have varied from time to time, has been discontinued and instead 150,000 fully-paid shares (371/2%) of the Common B Stock are being set aside for employees.

The National Cash Register Company (Ohio) has paid cash dividends on its outstanding common stock for every year since 1891—a period of 35 years—except 1898, when a 200% stock dividend was paid.

Current assets, at November 30, 1925, amounted to \$32,459,392, as compared with current liabilities of \$5,695,456, as shown by a proforma balance sheet as at that date of The National Cash Register Company (Maryland) prepared by Messrs. Price, Waterhouse & Co. from the books of The National Cash Register Company (Ohio), giving effect to the capitalization of the former.

Net assets, as shown on such balance sheet, amount to \$32,729,348, including domestic and foreign patents (more than 1,200 in number) and good will at \$1.

Property and equipment, recently appraised at sound values by The American Appraisal Company at not less than \$20,000,000, is included at only \$6,377,338. The latest financial returns of the foreign distributing companies and branches show net tangible assets in excess of \$7,250,000, which item is carried on the balance sheet at \$2,948,156. Substituting in the balance sheet the amounts of \$20,000,000 and \$7,250,000, as above, net assets would amount to over \$50,000,000.

Though the issue of its stock The National Cash Register Company (Maryland) will effect the acquisition of The National Cash Register Company (Ohio).

We offer this stock for delivery if, when and as issued and accepted by us, subject to approval of legal proceedings by our courdelivery will be made on or about January 11, 1926, in the form of temporary stock certificates or interim receipts of Dillon, R

# Buy Now-Retire Later

WHY delay selecting a homesite in INDRIO until you retire? Desirable homesites, such as may now be secured by a down payment of only a few hundred dollars, will before long become relatively scarce and obtainable only at high prices.

INDRIO is to be a community of broad streets and spacious homeaites—an architectural unity already begun in an environment of rare natural beauty. Here you can enjoy golf, surf bathing and game fishing every day in the year. Call or write for illustrated brochure. Also ask how you can see all Florida, including INDRIO, at low cost.

SUBSIDIARY COMPANIES

National Public Service Corporation Are Under the Management of

**GENERAL ENGINEERING & MANAGEMENT** CORPORATION 165 Broadway, New York

Northern Ontario Light & Power Company, Ltd. First Mortgage 6% Sinking Fund Gold Bonds, Series of 1926 To be dated January 1, 1926 Interest will be payable January 1 and July 1. At the option of the noider, principal and interest will be payable in gold dollars of the United States of America at the principal office of Bankers Trust Company. New York City; or in Canadian dollars at the office or agency of the Company in Toronto, Ont.; or in pounds sterling, at \$4.86% to the pound, at the office or agency of the Company in London, Eng. The Company will pay the interest on these Bonds without deduction for any taxes of the Dominion of Canada or any of its political divisions which the Company may be required or permitted to pay or retain From his letter to us, Mr. F. O. Blackwell, Vice-President of the Company, summarizes as tollows:

\$5,250,000

Northern Ontario Light & Power Company, Ltd., incorporated in February, 1911, in the Province of Ontario, owns and operates the electric lighting systems in the towns of Cobalt, Haileybury, New Liskeard, Kirkland Lake, Timmins, South Porcupine and Englehart, together with the local telephone systems in Timmins and South Porcupine. The Company also supplies electric and compressed air power to all the operating silver mines in the Cobalt District, and electric power to the gold mines in the Kirkland Lake and the silver mines in the South Lorrain districts, all situated in one of the most extensive and commercially important mineral districts in the world.

The proceeds from the sale of this issue will provide funds for the redemption Purpose of the Company's present issue of \$5,006,500 First Mortgage Sinking Fund of Issue 6% Gold Bonds. These Bonds will be secured, in the opinion of counsel, by a first mortgage on Security the real estate, plants, machinery, fixed equipment. franchises and leaseholds of the Company, now owned or hereafter to be acquired

> Twelve Months Ended November 30, Gross Earnings from all sources
> Operating Expenses, Maintenance and Taxes \$ 887,618

Net earnings, as above, for the twelve months ended November 30, 1925 were in excess of 234 times the annual interest charges on these First Mortgage 6% Gold Bonds, Series of 1926 The depreciated replacement value of the Company's properties, exclusive of water-rights, as reported by Messrs. Viele, Blackwell & Buck, Consulting Engineers, is in excess of \$10,500,000 or more than twice the amount of the

All legal matters in connection with the issuance of these bonds will be passed upon by Messrs. Winthrop & Stimson of New York, and for the Company by Messrs. Fasken, Robertson, Aitchison. Pickup and Calvin of Toronto, and Messrs. Choate, Larocque & Mitchell of New York.

These Bonds are effered when, as and if issued and received by us and subject to approval of proceedings by counsel

at 100 and accrued interest, to yield 6%

Refining company was founded in 1917 and incorporated under Maine laws in 1920. It is engaged in the production and distribution of a full line of petroleum products. It owns a modern oil refinery in Oklahoma with a daily capacity of 16,000 barrels of crude oil and operates of 16,000 barrels of crude oil and operates its own system of pipe lines, which are so laid as to render accessible the oil supply of a number of producing fields. The company is issuing \$2,000,000 first mortgage 6 per cent bonds, due 1930. These are secured by a closed first mortgage on fixed assets given a valuation of \$4,000,000, or twice the amount of this issue. This property includes the resinger. This property includes the resinger. This property includes the rean equipment lien). For the five years and eight months ended Nov. 36, 1925, net carnings available for interest and federal taxes averaged \$1,105,838 per annum before deducting depreciation and deple-

GLIDDEN COMPANY.

For the year ended Oct. 31, 1925, earnings equaled \$4.27 a share on the \$400,000 nopar common shares, compared with \$2.50 a share carned on the \$22,955 nopar common shares in the preceding year.

eral taxes averaged \$1,105,838 per annum hefore deducting depreciation and depletion, and \$675,756 per annum after deducting depreciation and depletion. This latter figure is 5.63 times the annual interest requirements on these bonds. These bonds are a suitable investment for a business man's funds.

CORPORATION EARNINGS

GLIDDEN COMPANY.

Tadical publication that ever had any journalistic sense, took their pencils in hand at the November elections last year to say nothing of the tax funds devoted to construction and maintenance. Yet we have just ended a year of astounding railway tonnage performance.

No one has calculated, or can calculate, occupy, and local bonds was about \$300,000 under the same period for 1924.

The year's record now stands at less than \$60,000,000 under 1924.

However, there is not so much alarm about debt as prevailed in 1923, when about debt as prevailed in 1923, when the hurricane of engraved paper was

most noticed. With the reduction in sur taxes, the yield of municipals is rising and public securities will have to face the demand for capital for private purposes on more equitable terms.

More extensive analyses of the real burden of taxation carried by the auto-mobile and oil industries and by automo-

THE PUBLIC DEBT sented by the trucks of such weight and capacity as to be destructive to the usual type of highway, is not paying in full for benefits received, while the rise of motor registration beyond the 20,000,000 mark at about the same time that surfaced below. Sales, tons, High. Low. Close clearly the process were 667 points below the previous close. Refined prices were unchanged at 5.00@5.50e for fine granulated. Prices follow:

Sales, tons, High. Low. Close clearly the process were 687 points below the previous close. Refined prices were unchanged at 5.00@5.50e for fine granulated. Prices follow: registration beyond the 20,000,000 mark at about the same time that surfaced highway of all kinds barely tops 500,000 May miles, raises the question as to whether there can be any pause in construction.

Keep your will A LIVING DOCUMENT

Do not permit it to stagnate with out-of-date provisions

It should change as the needs of your family develop. Provisions which were ideal at one time often prove utterly unsuitable at another. Sons grow up and go into business; daughters marry. The family circle grows and shrinks; your circumstances change.

Now is a good time to review it.

Review your will now, with the help of your attorney, while you are reviewing the business of the past year. After you have written into it every provision to take care of known events, name this company executor-trustee to whose judgment you can safely entrust the unknown

This company can be of unusual service in this connection. It has administered a great many wills, involving many millions of property. It has the judgment and experience to decide wisely in your stead and is sure to survive you. It might suggest to you or your attorney effective provisions for meeting the individual needs of your own family.

> A conference with one of our Trust officers would be in confidence and without obligation.

WANTED-MALE HELF.

PRINTING SALESMAN. We have an opening for a salesman of out anding ability. The Joseph K. Arnold Co. PRINTING SALESMAN. Experienced blank book and loose lease sys-tem, H. J. ARMSTRONG & SONS CO., 538 S. Clarkett.

REAL ESTATE SALESMEN, Are you cashing in on your experience? Is your 1925 buyer your best 1926 prospect?

Are you selling the type of property that not only gives you immediate remuneration, but assures you of a permanent clientele of satisfied customers? The good will of your customer is your great-

est asset, and we have many concrete examples in our organization of men who are constantly cashing in on this good will. Why not sell the best of subdivision vacant-

the kind of property that overcomes the greatest amount of selling resistance-the kind of property that the keenest investors in the city are buying?

You can make more money and more friends. Come in and get our

booklet called "A STORY OF FACTS." It's worth while reading and is certain to convince you that our policies are right.

It will pay you to investigate. It may mean more than just your time. It may mean that your 1926 buyer will be your best 1927 prospect.

See me between 10 a. m. and 1 p. m., or phone Central 8147 for an appointment.

M. A. LANE, 918 Burnham Bldg., 160 N. La Salle-st. REAL ESTATE SALESMEN, FULL OR PART TIME, TO JOIN

ARTHUR T. McINTOSH'S SALES ORGANIZATION. Very seldom we have an opening in our orranisation. At the present time we have on opening in our orranisation. At the present time we have openings for about ten men who can qualify. Big commissions, pienty of live leads, and plenty of property. Salesmen to sell bungalows, acre, and five acre tracts, and also highly restricted homesites; in other words, a salesman working for this orranisation has a piece of real estate in the reach of every man. If you are looking for a permanent position come in and talk to our reneral sales manager. Office hours 9 a. m. to 8:30 b. m.

WANTED-MALE HELP TO SALESMEN WHO USE DISCRETION AND JUDGMENT IN SELLING

REAL ESTATE: Promises have never made a dollar for any real estate salesman. We don't picture the real estate selling field as a bed of roses for salesmen to come in to pick.

The firm of Krenn & Dato does not offer you any of the flimsy promises so easy to make, but gives you an opportunity to sell millions of iollars of well bought well chosen, and well located properties, which make selling easier, and therefore more remunerative.

What makes the real estate selling field so attractive and IT remunerative for our sales-

ability to buy the best properties that money can buy. Second: Financial ability to maintain a strong organi-

producers to action. public.

YOU HAVE A CHANCE TO SELL

DEVONSHIRE MANOR, sold with all improvements including paving, curbs, and stubs, paid for by Krenn & Dato-the finest development block and a half from the "L" terminal.

EDITHTON BEACH, Mrs. Rockefeller McCormick's new resort city on Lake Michigan. HIGHLAND PARK, the largest tract comprising an estate of 365 acres with all improvements already go-

CRAWFORD & DEVON, in the City of Chicago. CALUMET HIGHLANDS, on the South Side, etc.

If you want to establish a clientele that will produce a steady income for you year in and year out, if you really mean business and desire to work to make 1926 the banner year of your life-come in and talk it over with us. Apply at our Subdivision Sales Office, 1009 N. State-st.

The heritage of everybody is happiness. Yel few people are entirely happy. Most unhappiness in home life, in work or in business is due to failure to understand the people around us. Most of us do not know how to analyze the people we meet. Happiness and success comes to the few who are able to know at a glance just how the people we meet are handled. This is a character reading.

through the mail.
